

22S:166, Computing in Statistics
Fall 2007
Instructor: Cowles
Information on Midterm 2

- Midterm 2 will be given in the PC lab, 41 SH. You may come at one of the the following times:

- Tues Nov 6, 5:30 - 7:30 p.m.
- Wed. Nov 7, 1:30 - 3:30 p.m.

This midterm will replace class on Fri. Nov 2 and on Wed. Nov. 7. There will be class as usual on Mon Nov. 5.

- The midterm will cover the following topics:
 - parametric bootstrap
 - jackknife
 - simulation studies
 - relational database concepts
- You may use notes, computer files, on-line resources; in short, anything except other people!
